

FRIDAY NIGHT CO-ED SLOW PITCH SOFTBALL RULES AND REGULATIONS

The South Lyon Area Recreation Authority reserves the right to study and incur the decisions on any situation not expressly covered within these rules and regulations and to interpret these rules set forth to govern the South Lyon Area Recreation Co-Ed Softball League. South Lyon Area Recreation Authority decisions are final and binding on all members.

ALL GAMES SHALL BE COVERED BY USA SOFTBALL RULES EXCEPT FOR THOSE MODIFIED BY THE FOLLOWING:

REGULATIONS

Things to know before first pitch

1. League will run for 14 weeks with a single elimination playoff at the end. All teams will be eligible for the playoffs.
2. Scheduling of games will be determined by the number of teams in the league.
3. Standings will be posted each week of the league. Placement is determined by overall record, followed by our tie breaker system, which will be described below.
 - a. The first determining factor in deciding a tie in the standings is Head-to-Head matchups. If one team beat the other team more times during the season, they would be the higher seed.
 - b. If the teams won the same amount of games against each other, ties would be determined by who lost to the lowest seed in the final standings. So, if Team A lost to the 6th seed and Team B lost to the 3rd seed as their “worst” loss, Team B would be the higher seed.
 - c. If a tie is still not decided after that, we will look at who scored more runs against the other team in the Head-to-Head matchup.
 - d. The last tie breaker factor is the run differential when both teams had their “worst” loss if all the above factors still do not break the tie.
4. Playoffs – All teams will be eligible for the playoffs. A regular season champion will be determined before the playoffs begin. The regular season champion will receive the number one seed for the playoffs. All other seedings will be determined by final standings. Dependent on league size and playoff format, first round byes may be given to top seeded teams. Playoff format and schedule will be dependent on the number of teams in the league.
5. League Champion – The league champion (team that wins the playoffs) will be awarded a team trophy.

RULES

Field Rules

1. Time Limits – No new innings will start after the one hour and five-minute time limit has been reached. In case of a prolonged time out due to an injury of more than five minutes, that time will be extended onto the time limit.
2. Umpire Fees – Each team is responsible for paying their \$20 umpire fee in cash to the umpire prior to the game starting.
3. Inclement Weather – An umpire may call a game at any time due to inclement weather, darkness, or any other threat to player and patron safety. Games shall be considered complete if five or more complete innings have been played. Every effort will be made to resume incomplete games from the point they were postponed but may not be possible due to scheduling restrictions. If a game is called in-progress and umpire fees have already been paid, SLARA will pay the umpire fees for the rescheduled game in-progress.
4. Fences – balls bouncing over, under, around and through the outfield fences will be considered an automatic double. All other rules will be governed by USA Softball Official Rules.
5. Out-of-Play Area – is determined by the lines painted on fields and fence surrounding baseline areas. When a player catches a foul fly in foul territory and then runs into the out-of-play area, the ball becomes dead and all runners are awarded one base.
6. No batting practice will be held on the infield.
7. Only three warm-up pitches between innings will be allowed, except in the first inning where five pitches are acceptable. Pitchers are given 6 feet behind the mound to use, the umpire will delegate the appropriate space. Pitches must be between 6-10 feet.

Game Play

1. USA Softball Slow Pitch Rules shall be used in this league with South Lyon League Rules and Regulations overriding all USA Softball rules.
2. Baselines shall be 70 feet for all leagues. Pitcher's Plate shall be 50 feet for all leagues.
3. The game times listed on the schedule are forfeit times.
4. The score of a forfeited game shall be seven to zero in favor of the team not at fault.
5. **FOR THE REGULAR SEASON ONLY:** Teams short on players may borrow players up to their 9th player in order to avoid forfeit. All borrowed players **MUST** be on a league roster and bat at the end of the batting order. If enough regular-rostered players show up, all borrowed players must leave the game.
 - a. If players are borrowed, they must bat at the bottom of the order and play a non-premium position (Catcher, Right Field, etc.). Certain adaptations can be made

based on the positions players on the team play, but borrowed players should not be placed in Centerfield, Shortstop, etc. This is to prevent a team from borrowing a skilled player from another team and stacking their lineup to win.

6. Teams must have 8 players to start and finish a game. Four (4) Males and Four (4) Females or Five (5) players of one sex and Three (3) of the other. In the latter situation, the open spots left in the batting order will be outs. If neither team has the required number of players, each team shall receive a loss by forfeit.
 - a. Teams may start with an odd number of players provided that there is no more than one additional member of the opposite sex in the line-up. The open spot in the line-up will be an out. Teams may bat two consecutive females, but batting two consecutive males will result in an out being recorded.
 - b. If a team plays shorthanded with either three in the infield or outfield, at least one of the three must be a male and at least one of the three must be a female player.
 - c. Teams may bat a maximum of 14 batters – 7 males and 7 females.
 - d. If for some reason, someone in the line-up cannot bat and there is no replacement for that person, that spot in the order will be an out for the remainder of the game.
 - e. Only male players may enter the game for male players. Only female players may enter the game for female players.
 - f. Batting order must alternate sexes.
 - g. Defensive Positioning – Teams must have no more than two male and two female players in the infield and no more than two male and two female players in the outfield. One male and one female in the catching and pitching positions (Any player in the batting order may play any defensive position as long as the ratio is kept)
 - h. If a male batter is walked, the next batter, a female has the choice of walking or hitting.
 - i. Players that show up late must bat at the end of the batting order.
7. Forfeit time is game time. If a team must forfeit a game, a \$40 forfeit fee must be paid separately to SLARA office (this fee is covered by forfeit fee pool that was collected with registration).
8. Any team that forfeits two games during the season, shall be suspended for the remainder of the season, including playoffs. In such cases, all remaining games will be win for opponents.
9. Relaxed Step – The runner is allowed to take a relaxed step only when the batter swings at the ball.
10. Batter will play with a 3/2 count – Batter will take 1st base after 3 balls or be out after 2 strikes
11. One foul ball on the second strike will be allowed. The second foul ball on the second strike will be an automatic out (one to waste).
12. Courtesy Runner – A courtesy runner may be used but must be the player who made the last out. Only ONE COURTESY RUNNER PER INNING IS ALLOWED. The player that is coming out may re-enter the game without penalty. The team will register an out if the wrong player comes in to run.

13. A limit of four (4) over-the-fence home runs will be used. All balls hit over the fence in a game, in excess of the four (4), will be ruled as a single. All runners advance one base only if there is a base runner behind them and first base is occupied.
14. Gentlemen's Agreement – If umpire not present at game time, teams will select an agreed upon representative(s) to ump game.
15. When a play is being made on a batter-runner at first base, the defending player must use the white portion of the safety base and the batter-runner must use the orange portion of the safety base. The batter-runner will be called out if they touch only the white portion of the safety base. The defender will be called for interference if they touch only the orange portion of the safety base.
16. Scoring Line – The Co-Ed league will utilize a scoring line for all plays at the plate. A base runner's foot down on or down past the scoring line prior to the defensive player catching the ball and tagging home plate results in the scoring of a run. All plays at home plate are force outs.
17. Commitment Line – The Co-Ed league will utilize a commitment line when rounding third base. The commitment line will be thirty (30) feet from the scoring line/home plate. Once a runner's foot touches the ground on or beyond this line, they are committed to advancing to the scoring line and the play becomes a force out at the plate.
18. Batting order – if all players present bat, free substitutions in field. If only ten players, bat when substitution is made. Sub takes same place in batting rotation.
19. Home team is listed on the game schedule as team on right; ex. 1 vs. 2 (2 is home team).
20. All tie games that hit the time limit will have until the end of the inning to break the tie. Any games remaining tied after the inning will be recorded as a tie. At the completion of the season, any tie games which have a bearing on first or second place will come down to the higher total runs scored throughout the season.
21. Both teams will be responsible to track the score during the game. There should be a check between teams after each inning played. At the end of the game, the score is to be reported to the site supervisor and each manager is to sign the scoresheet so there are no discrepancies.
22. Mercy Rule - All Leagues – A twelve (12) run mercy will be in effect upon the losing team having had five (5) complete turns at bat. A ten (10) run mercy will be in effect upon the losing team having had complete six (6) turns at bat.
23. For games at Volunteer Park, it is okay to warm-up in outfield only prior to 1st game of the night
24. If both teams and the umpire are in agreement, a game may start earlier than the scheduled starting time.
25. Umpires will conduct pre-game conference with captain each game. Umpires will discuss playing and ground rules with the team captain/manager prior to each game. It is then the responsibility of this team representative to relay information to his/her team.
26. The decision of whether or not the field is playable will be solely decided by the league supervisor and umpire. All postponed games will be made up at the earliest possible date. Regular playing days are reserved at the end of the season for rain-outs.
27. A line in the outfield will be drawn 200 feet from home plate. Outfielders must remain behind this line until the ball is hit. If outfielders do not stay behind this line, a warning will be issued before action is taken by the umpire.

28. Balls hit up the middle in the area of the pitcher will be considered an out regardless of intent. The batter will be out and no runners will advance. The ball does not have to hit the pitcher, if it is within the width of the pitching rubber and at most 1 ft. over the head of the pitcher, the umpire can rule it an out. If a ball hits the pitcher, it is an automatic out. These calls are at the umpire's discretion and cannot be argued as it is for the sake of player safety.
 - a. If a pitcher leaves the area of the rubber to make a play or to pitch the ball, these rules may not be enforced by the umpire.

Protests

1. No individual game protests shall be permitted. The decisions of the referee and site supervisor are final.
2. Teams may protest player ineligibility. It is the responsibility of the team to provide proof of a player's ineligibility. All protests of player ineligibility must be presented to the League Supervisor for review. If a protest is upheld and a player is found ineligible, then ALL games that player had previously played in would be forfeited AND the games in question would be an automatic win for their opponents. The player found to be ineligible is restricted from playing the rest of the season.
